## LARGE NUMBER OF WITNESSES

### The Grand Jury is Still Working on the Cook Murder Case.

### Nearly Fifty Witnesses Examined—Controversy over Bankert's Testimony.

At present the chief interest in the investigation being made into the Cook murder, by the grand jury, seems to center about Sylvester K. Bankert, the husband. It is a matter of conjecture whether or not he will be brought before the grand jury. The attorneys for the defense do not want Bankert to testify and the prosecution is desirous of getting his testimony before the grand jury. This question will be argued before Judge Sparks of the circuit court either this evening or tomorrow. It was the intention to have the argument this morning, but Judge Sparks was out of the city and it is necessary to await his return.

The defense will not contend that a person cannot be called before a grand jury to tell things that might incriminate himself. It will contend, rather, that a husband or a wife cannot be called before a grand jury to testify against each other. It is hoped in this way to keep both Mr. and Mrs. Bankert from testifying.

The grand jury did not adjourn until after 5 o'clock last night. About twenty witnesses were examined yesterday. At 9 o'clock this morning the jury took up the case again and then adjourned at 11:15. The following people, some of whom were neighbors of the Bankerts, were examined this morning: Clyde Miller, Peter Maffett, Mr. and Mrs. Earl Raff and Mr. Frank Hall.

There is one man, it is said, who has not yet been before the grand jury, but who will testify that on the afternoon of the shooting he was playing pool with Cook in a certain pool room. He says he asked Cook, after one game had been finished, to play another, but that Cook declined, saying that he had an engagement with a woman at 3 o'clock, at which time he was to receive some money, and that he did not have time to play another game.

The grand jury has now spent four days on the Cook case and in that time has examined nearly fifty witnesses. The end, however, is not yet. It is very probable that the investigation will not be finished before the middle of next week.

Yesterday, Claude Walker, who next to Sadie Smay, is the leading State's witness, was before the grand jury three different times. It is understood that some very important things, which heretofore had not come to light, were learned.

Yesterday afternoon there were many people waiting outside the grand jury room to be examined. Bailiff Pearsey is being kept very busy.

It is said that Willie Horr, who is wanted before the grand jury stated to a friend that he would not tell all that he knew about the case until "Aunt Anna" is free.

The case was again taken up at 1 o'clock this afternoon. Mr. and Mrs. Scholl, residing east of Connersville, who formerly resided near Mr. and Mrs. Bankert in Union township, were upon the stand for a short time. Willie Horr, H. C. Wolverton and John Walters were other witnesses called.

It is known that the grand jury has investigated Cook's record and that considerable interest has been taken in his actions on Friday and Saturday before the murder. It is also understood that his character has been found to have been not quite so bad as it has been painted. Witnesses have told that Cook had always acted as a gentleman to every one. Parties who told of Cook's character came from Glenwood and the neighborhood in which Mr. and Mrs. Bankert resided, and were men who had employed Cook at various times. It has also been asserted that he never raised much trouble when he was drinking.

## AUTOMOBILE BURNS

### A Fine \$3,000 Machine Burns Up on the Road Near Knightstown.

A big White Steamer automobile is standing along the road near Knightstown, where it was left Tuesday evening by a party of men and women when it caught fire. The machine was run by steam generated by gasoline, which had jolted from the tank and caught fire. There was no chance to save the machine and the occupants were fortunate in escaping without serious accident to themselves. The auto is of the \$3,000 variety and appears to be a total loss. The party is said to have been on their way to Toledo, Ohio. They took the traction car and returned to Indianapolis.

## WORK IS MOVING ALONG RAPIDLY

### Two Gangs of Workmen Busy Making Grade for Greensburg I. & C. Extension.

The Greensburg extension of the Indianapolis & Cincinnati Traction company, is moving along nicely, the large force of men doing as much work as possible on account of the approach of winter. The company has placed a concrete mixer at Conn's creek and the abutments for the bridges will, before many weeks, be ready. Another large engine is now being used to pump the water out of the place where the abutments are to be made. The camp located near Adams, Decatur county, has been organized only two weeks, but in that time almost three miles of grading has been completed. It is thought that this road will be in operation by next September.

## DURBINS RETURN FROM ABROAD

### Visit Was Paid to Consul General Gowdy—"Uncle Jack" Bars Politics.

A dispatch from Anderson says: Ex-Governor and Mrs. W. T. Durbin and son Fletcher returned to this city today, after a three months' visit abroad. Col. Durbin came back eighteen pounds heavier than when he left home and is in fine spirits. During their trip abroad Ex-Governor and Mrs. Durbin spent most of their time in Switzerland and in the region of English lake. He visited several days with Consul-General John K. Gowdy and family at Paris. The Gowdys are preparing for their trip home and will sail on October 4th and go direct to Rushville. Ex-Governor Durbin said he was unable to learn General Gowdy's political aspirations for the future.

**Girl Fatally Burned.**  
Elkhart, Ind., Sept. 8.—Gladys, the six-year-old daughter of Elmer Smith, while playing with matches, set fire to her dress and ran screaming from house to house. Doctors say there is no hope for her recovery.

**Sentenced for Horse Stealing.**  
Hammond, Ind., Sept. 8.—For stealing horses Ammitt Altruso was given a fine of \$50 and a sentence of from one to fourteen years at Jeffersonville.

**New Savings Bank.**  
North Vernon, Ind., Sept. 3.—A trust and savings company is being organized here by local capitalists. It will have a capital stock of \$25,000.

—Misses Gladys Titsworth and Cora Carney, of this city, and Miss Pauline Huber, of Lewisville, are the guests of C. H. Lyons and family, of Center township.

Lack of space prevents us from giving the remainder of council's proceedings until tomorrow.

### COURT HOUSE NOTES.

The county commissioners' court adjourned Thursday evening.

Luther Harcourt was today granted a license to wed Malissa Brutus.

A claim filed by John F. Green for \$57.57, against Permelia G. Bitner, administratrix of the estate of John J. Bitner, has been transferred from the claim docket to the civil docket.

E. A. Lee has filed suit on account for \$20 against Richard Parcell and Charles Morgan. The case will be tried in Squire Jackson's court next Monday morning at 9 o'clock.

By reason of the fact that the county council appropriated an additional \$200 for improvements to the Smelser mill bridge, inasmuch as the original appropriation would not cover the cost of the improvements, the county commissioners accepted the bid of the Ohio Valley Bridge company and

closed a contract with it for doing the work for \$545. The abutments of the bridge are crumbling away. The improvements must be made by November 6th.

The county council has adjourned after transacting much important business.

Dorsey Hungerford and Myrtle A. Hungerford have been granted a license to wed.

Albert M. Thomas and others have filed a complaint for partition against Aaron E. Wright and others.

The county commissioners will receive bids on supplies for the county poor farm on Monday, Oct. 2d.

Michael Kney, through his attorney E. W. McDaniel, has filed suit to quiet title against the Walker school township of Rush county, Indiana.

In the circuit court, George C. Wyatt was given judgment against Ruby D. Powell on a note. The defendant defaulted and the judgment was rendered for \$116.

A. L. Stewart has filed an ejectment suit against A. Helm and son for the possession of some ground near Williams creek which is being used as a camping place by the men working there. The case will be tried before Squire Jackson next Monday morning.

## WINS PRIZES ON JERSEY HERD

### John F. Boyd, of This City, Wins Honors at Shelby County Fair.

Rush county cattle are prize winners this year for many premiums are being captured in different parts of the State by men from this vicinity.

John F. Boyd, of this city, is the man who has won the latest honors with his fine herd of Jersey cattle.

Mr. Boyd won seven first prizes and four seconds at the Shelby County Blue Ribbon fair. The prizes won by Mr. Boyd were on an aged bull, and aged cow, on a two-year-old cow, a heifer calf, on the whole herd, sweepstakes on bulls, and sweepstakes on cows.

## ODELL RETURNED TO THIS CITY

### Brought Back by Police Officer Walter Ryan This Morning.

Lee Odell, the man who disappeared from this city last Sunday night with about \$100 of John McCarty's money, has been arrested and returned to this city. He arrived here in company with police officer Ryan on the early morning train from Chicago, where he had been traced by Mr. McCarty, and arrested by the police authorities in that city. The arrest of Odell was covered with peculiar circumstances. He had been traced by his former employer without the aid of police authorities. Mr. McCarty acted as his own detective and captured the man by using Odell's wife as a tool to ascertain his whereabouts. Odell is held here on the charge of theft and it is thought that he will be brought up before the grand jury now in session.

Luther Harcourt and Mrs. Dora Brutus, of Richland, were married this afternoon between four and five o'clock by Justice of the Peace Lot Ferree. They will live in Richland.

St. Paul Telegram: George Hess and wife and C. J. Bickhart, wife and daughter May went to Rushville Friday in the former's auto and attended the fair. They all returned home Friday evening except Mrs. Bickhart and daughter, who remained over until Monday the guests of John Richey and family.

## OFFICIAL WORD NOT RECEIVED

### State Department Not Informed of Disturbances in Tokio.

### President Roosevelt Expresses Concern Over the Situation in Japan.

Tokio, Sept. 8.—Tokio has been quiet today. General Sakuma, commander of the Tokio garrison, has issued a proclamation warning the populace against disorder.

Tokio, Sept. 8.—It is reported that there is rioting at Chiba, a town with a population of 20,000, twenty miles east of Tokio. The prefecture building and the court house are reported to have been burned.

Oyster Bay, N. Y., Sept. 8.—Not until late last evening did the president learn of the serious disturbances in Tokio. The information was in the form of a press dispatch. He expresses concern over the situation that had developed over the riots, but had no comment to make on them.

Thus far, it is said officially, no advice has been received from Minister Grissom at Tokio, or from any other official source in Japan regarding the anti-peace demonstrations. Such advice as might be received naturally would go to the state department, but it is quite certain that any information of a serious character would be transmitted immediately to the president. No such advice has yet reached President Roosevelt.

### PURELY LOCAL

Are the Disturbances in Tokio, Says Baron Komura.

New York, Sept. 8.—Baron Komura said that his coming interview with Secretary Root, which he expects would occur in New York either today or tomorrow, would be purely a formal exchange of courtesies and that their meeting had no other object. The baron denied emphatically the rumor that the emperor of Japan had not yet given his approval to the peace treaty, or that the powers of the Japanese plenipotentiaries were so limited that there was at this late hour still a possibility that the emperor would fail to ratify the treaty.

"The present disturbances in Tokio," he said, "cannot in the slightest degree influence the emperor's determination to ratify the treaty when he receives an official copy of the document."

Baron Komura reiterated his opinion that the disturbances in Tokio were directed against the local branches of the government.

### SITUATION INTENSE

Belligerent Armies Still Face Each Other With Hate.

Lamantzi, Manchuria, Wednesday, Sept. 7.—The result of the Portsmouth conference was officially announced to the Russian forces here yesterday. The army, however, is still without official orders from St. Petersburg to cease its warlike activities and the situation is intense. The soldiers are waiting for an armistice to be declared and they cannot understand how Russia can talk of peace while the Japanese continue reconnaissances in force and outpost engagements. The fighting of Sept. 3 in Korea cannot be understood here.

A dispatch from St. Petersburg Sept. 6 said that General Linevich had reported to the emperor of an offensive movement by several battalions of Japanese accompanied by cavalry and artillery in North Korea Sept. 3. The general added that the result was not known at the time that his dispatch was filed.

Ora Marsh and Miss Flossie Carter, of Rays Crossing, were united in marriage at the home of the bride's parents, by Rev. George W. Winfrey, Wednesday evening, at six o'clock. Two hours later Marsh Schapple and Miss Emma Branson were also married by Rev. Mr. Winfrey. The latter wedding was a church affair.

## TROUBLE NOT OVER

### Railway Crossing at Cambridge City a Bone of Contention.

Cambridge City, Ind., Sept. 8.—If the continued presence of Pennsylvania detectives at the seat of the disturbance has any meaning, the controversy between the Pennsylvania lines and the Indianapolis & Eastern Traction company over the latter company's attempt to string a high-tension wire across the railroad's right-of-way has not been settled. Detective Palmer, who brought the trouble to a focus by drawing a revolver on linemen of the traction company, who assaulted him, is still at the scene in command of other detectives, who are quartered in the west part of the Pennsylvania yards, near the proposed wire crossing. Palmer says he knows nothing of an agreement having been reached.

## MAY TAKE ALL OF THE BLAME

### Rumor Says C. H. & D. Holds Itself Responsible for Recent Wreck.

The Columbus Republican of Thursday says: Since the wreck between the Pennsylvania lines freight and the C. H. & D. passenger train at Rushville several days ago, the railroad commission has been taking an interest in the case and it is the understanding that it will make a report attaching the blame. It is reported in railroad circles here that the C. H. & D. people have thrown up their hands and assume all responsibility in the matter. Two or three suits for damages have already been filed as a result of the wreck, the suits having been brought by passengers who named both roads as defendants. It is now reported that the C. H. & D. will take all the blame if these actions come to trial.

## GENTRY SHOWS PLEASE AUDIENCE

### The Show Was Better Than Ever—More Features Added to Performance.

Probably no other show of its kind receives more cordial welcome in this city than the Gentry Bros.' show which played their annual engagement here Thursday. Year after year they have visited Rushville, always presenting a high-class and unique performance. Up to the present year they have had four distinct shows on the road, but this year they have combined all of them into one amusement enterprise, and the patrons of this show in past seasons hardly recognized it this year.

The audience which greeted the Gentry Bros.' show here Thursday night was not as large as it has been in former years, but the crowd was good. The show was not advertised heavily in this city, as the space on the bill boards had been engaged by an opera house company. The exhibition was good, and every one said that the show was better than ever.

The special car which will leave this city on September 14th, bound for Portland, will make several stops of a day's length on the way. Cecil Clark is making the necessary arrangements for the car and is meeting with good success. The proposed route will pass through some of the wildest country in America, and the trip is so planned as to pass the historic and most picturesque points in the day time. The passengers will be allowed a lay-over of a day at Denver, Colorado Springs, and Salt Lake city. From present indications it appears that many Rushville people will take advantage of this personally conducted excursion.

## NO SIGNS OF AN END TO IT

### The Inhabitants of Baku and Adjacent Towns Fleeing For Life.

### Tartar Uprising is Sweeping All Before it by Force of Fire and Sword.

Baku, Caucasus, Sept. 8.—The situation here today shows no amelioration. It could hardly be worse. The terror-stricken inhabitants are fleeing from the city knowing that the garrison is entirely inadequate to protect them, and although the worst scenes of fire and massacre have not yet occurred in Baku itself, none dare to think how far the excesses may proceed.

The entire oil and commercial quarters of Balakhan, Sabunto and Noman have been wiped out by fire and the inhabitants remaining behind were massacred and thrown into the flames.

Biblehat continues to burn and is threatened with the same fate as Balakhan.

The consulates, banks and administration buildings in Baku are guarded by troops. All the English residents and almost all other inhabitants of the better class have boarded ships and gone to sea to escape from danger. All available steamers have been employed for this purpose. Martial law has been proclaimed in the city. Nobody is allowed on the streets after 8 o'clock at night and inhabitants of houses are held strictly responsible for shots fired from them. Artillery was employed against one house from which shots were fired. The walls were breached, the house was stormed and all the people inside were killed. There is a general panic in the city.

A whole army of hungry workmen driven in from the burned suburbs has flocked into the city. There is the greatest destitution and measures for transporting the workmen from the city are imperatively necessary. Reinforcements of troops are arriving daily and it is hoped the authorities soon will have the situation better in hand.

### In a State of Panic.

Tiflis, Sept. 8.—Panic reigns in the whole of the Tiflis district and the people are fearful of an attack by Tartars. The police patrols have been strengthened and the authorities propose to organize a rural militia for the defense of Armenian homes in all of the trans-Caucasian districts where no troops are stationed.

## AN EPIDEMIC THREATENED

### Dread Scarlet Fever Has Gotten Start in Indiana Already.

Indiana is threatened with an epidemic of scarlet fever, according to the State board of health. Dr. Hurty, the secretary of the board has had information from several communities over the State to the effect that scarlet fever was prevalent in a mild form. "Our reports show that the fever, so far, is mild, with few deaths," said Dr. Hurty at Indianapolis this week, "but the history of the disease shows that increases in virulence during the epidemic. If the people do not give their local health officers support wherever the disease seems to have obtained a slight foothold, I predict that many schools will be opened very late this fall, owing to the prevalence of the disease."

Word has come to the State board of health from Francisville, Ind., to the effect that two feather bed renovators are doing a very extensive line by purporting to be the special agents of the State board of health. "These men may be doing good work," said Dr. Hurty, "and I suppose they are, but, of course, they have no authority from me."

## Chamberlain's COLIC, CHOLERA AND Diarrhea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

RUSHVILLE, IND., SEPT. 8, 1905.

The Brookville American says that a Democrat there thinks he sees the way clear for a Democratic victory in 1908. "If our party will just hold their convention first and slip up on the Republicans by nominating Roosevelt, the result is settled." Mr. Watson in a speech at Connersville last year, said that the Democrats would claim Roosevelt "before another year rolls by." They claim Lincoln and McKinley, and that they would claim Roosevelt has been general predicted. What's the matter with Cleveland?

The question of federal supervision of insurance is receiving some attention and it seems that a majority of the insurance companies favor national supervision, because under existing arrangements they are obliged to conform to different laws and regulations in practically every State. What insurance companies want is a uniform, harmonious and continuing policy and that can only be secured through national supervision. It may be added that what business in general needs is this same uniform, harmonious and continuing policy bearing upon all phases of business so far as it is practicable to enact and apply such laws. It is for exactly this reason that a national law bearing upon rate regulation has been advocated. Already half the States in the Union have laws bearing upon this subject, and there will be more. While these laws are similar in purpose and in many provisions, it is inevitable that they must vary considerably in details, and it is just as inevitable that these differences should result in hindrances to business. A reasonable national law would remove the necessity for many State provisions, and be infinitely better for all concerned, including the common carriers themselves.

The Solid South is still solid, but not as solid as it used to be. There have been some breaks now and then of recent years, but on the whole, the South is still solid. If anybody had predicted immediately after Cleveland's victory in 1892 that the Republican party would carry several of the old slave States in the succeeding presidential elections he would have been laughed at. Yet the Republicans elected governors in some of them in 1895, and carried Delaware, West Virginia, Maryland and Kentucky in 1896. Though not all of those States have remained in the Republican party ever since, some of them have and they were re-enforced by another of the old slave States, Missouri, in 1904. Of course the Republicans are glad to see the South cast some Republican electoral votes occasionally, but whether it does this or not, the Republican party will keep right on legislating for the benefit of the South as well as for that of the North and the West. There is nothing geographical in the ambitions of the politics of the Republicans. Their party is national in spirit now, as it was in 1856 and 1860, and as it has been every hour of its life since its foundation half a century ago. Sane Democrats in the South as well as the North are beginning to realize this. The South would get more out of the change of base than would the Republican party. Yet if the South neglects to do this, the party will continue to look after her interests just as faithfully as it does after those of Massachusetts, Indiana, and the rest of the country.

## SCHOOL EXHIBIT

Interesting Feature of the State Fair Next Week.

Indianapolis, Ind., Sept. 8.—At the state fair next week the state department of education will make an extensive exhibit of rural school work, which it has gathered up from over the state by the help of county superintendents and teachers. It will also show a large part of the Indiana educational exhibit made at the St. Louis exposition last year. Purdue will make two exhibits at the fair, both of direct interest to men and women from the farm. One will be a working dairy in the dairy building and the other will be in the educational exhibit in the fine art building. In the latter exhibit the Purdue experiment station will show a collection from which fertilizers are combined, the filling that is used in them, a collection of foods and their constituent parts, and will give a large amount of information along similar lines by means of charts and tests.

The state's brief in the case appealed to the supreme court by John M. Lewis, of Anderson, to determine the constitutionality of the drastic anti-cigarette law enacted at the last session of the legislature, was filed today. During the course of the argument that the law neither conflicts with the state nor the federal constitution, the brief says: "The statute under consideration was passed as a police measure for the purpose of protecting the health, morals, and promoting the general welfare of the citizens of the state of Indiana. The state is vitally interested in the safety, health and morals of its citizens, and any legislative enactment which tends to promote these ends should only be declared unconstitutional when made to appear clearly, palpably and plainly that it violates some provision of the constitution. While we recognize the general rule that the police power is not without limitation, nevertheless it is a power of wide sweep, and under it the state may encroach upon private rights, it may regulate the indulgences and vices of those which are injurious or dangerous to the health, morals or general welfare of the citizens."

The opening of the municipal campaign here may be delayed by the Republicans until the last week of September or the first of October. Charles A. Bookwalter, mayoralty candidate, was in favor of starting the fireworks about the middle of this month, but his advisers are urging him to wait until October and then make a short, fierce fight. Both parties took the sixty day poll today, which will furnish the first reliable information as to the strength of the rival candidates. An effort will be made by the Republicans to get a list of the members of his own party who are opposed to Bookwalter so that they may be visited personally and urged to be "regular." While the extent of the anti-Bookwalter sentiment is not known, owing to the fact that a vast majority of the voters are keeping quiet, it begins to look as if the Democrats have more trouble in their ranks than the Republicans. A lot of money has been posted here that Bookwalter will win, but none has been taken.

Governor Hanly will attempt to end the career of the floating gambling establishment on the City of Traverse, which has been located in Indiana waters since it was driven away from Chicago. He has communicated with Mr. Healy, Cook county attorney, who is trying to put the floating gambling room out of business, assuring him he will do all he can. The boat has been getting its race news from a wireless telegraph station at Indiana Harbor and spends most of its time off shore there and at Michigan City. It is probable the governor will cause police boats to be sent out from both places and drive the City of Traverse into Illinois waters where the Chicago authorities can capture it.

## THE RIGHT OF OPEN SHOP

United Typothetae Delivers Ultimatum to Printers.

Niagara Falls, N. Y., Sept. 8.—The United Typothetae of America has unanimously adopted a resolution by which its members pledge themselves singly and collectively to resist any movement on the part of the International Typographical Union to bring about an eight-hour day. The resolution as adopted maintains the right of each member to keep open shop. The use of the union label was counselled against and members were urged to refuse to use it. Some members of the typothetae say they will begin with the Typographical Union by throwing their shops open immediately.

President James M. Lynch, of the International Union, has been advised that the United Typothetae will not now nor at any future time consider any propositions on an eight-hour day.

Twice in the Same Spot.  
Evansville, Ind., Sept. 8.—During a thunderstorm in Lynn township, Posey county, lightning struck several chickens about two feet from where Mrs. William Wingo was standing. The chickens were killed, but the woman was not seriously hurt. Several years ago lightning struck the same spot and killed a dozen chickens.

## INSURANCE INQUIRY

New York Legislature Getting at the Facts.

New York, Sept. 8.—The affairs of the Equitable Life Assurance Society and the Mutual Life Insurance Company is holding the attention of the legislative life insurance investigating committee in session in this city. Nothing particularly new was developed in regard to the Equitable Society, other than the statement drawn from one of the officers that the society does not know the present whereabouts of Thomas D. Jordan, the former comptroller. It was stated that Jordan was wanted as a witness to explain the loan of \$685,000 made to the Equitable Society by the Merchants Trust company. It was also stated that James H. Hyde, formerly first vice president of the Equitable, will later be called as a witness before the committee.

The inquiry into the Mutual Life Insurance company was begun. The testimony drawn from an officer of this company showed that the Mutual controls many trust companies, among them the Morton Trust company, the Guarantee Trust company and the United States Mortgage & Trust company. On deposit with these companies the insurance company keeps hundreds of thousands of dollars against which it does not draw. It was explained that the property of the trust companies meant the prosperity of the insurance company. The insurance deposits draw 2 per cent interest and the trust companies pay as high as 20 per cent dividends on the par value of the stock, or 5 per cent on the market value.

Frederick Cromwell, treasurer of the Mutual Life, said the company had bought securities from syndicates; that officers of the company also bought securities from the syndicate and received individual profits by selling these bonds to the company. He did not see that there was any impropriety in the officers going into syndicates when the company had gone in first.

## AWFUL FURY OF MOB

A Texas Negro Was Burned at the Stake.

Waxahatchie, Tex., Sept. 8.—Steve Davis, a young negro, who confessed to outraging Mrs. S. P. Norris, aged twenty, last Saturday, was last night burned at the stake.

A mob consisting of 3,500 persons tied the negro to a piece of gas pipe that had been set in the ground, piled fagots around him and set the mass on fire. The sufferings of the negro were of short duration owing to the fierceness of the fire which was fanned by a gale of wind which blew across the prairie.

The husband of the woman is said to have set the match to the tinder and started the blaze that consumed the negro.

## Expelled From Venezuela.

Caracas, Sept. 8.—The following governmental decree has been issued: "Whereas, M. Brun, manager of the French Cable company, has protested before the national government against the decree closing the overland and coast offices of the company and, whereas, this action shows that M. Brun is ignorant of the laws of the republic, the president decrees that the said M. Brun be expelled from the territory of the republic."

## Great Wave of Revival.

Boston, Sept. 8.—Rev. W. J. Dawson, the London evangelist, has arrived from Liverpool to begin a second revival tour in this country. Mr. Dawson said: "The religious revival in Wales is only an extreme example of what is going on all over the world. In this country I think there are great possibilities for work and what has been done already is of the utmost importance."

## HOPEFUL COMPARISON

Yellow Fever Figures Compared With Those of 1878.

New Orleans, Sept. 8.—New cases yesterday, 35; total to date, 2,177; deaths yesterday, 6; total 304; new foci, 9; cases under treatment, 308; cases discharged, 1,565.

September is sufficiently advanced to give assurance to the medical authorities that their expectation that the fever would not take a bad turn during the month will be realized. During the first six days of September, 1878, there were 1,496 new cases and 478 deaths, while during the same days this year the total of new cases has been 193 and of deaths 21.

Although the deaths yesterday exceeded those of the day before the excess was so small that the report both as to new cases and deaths was considered to be of a most hopeful character. Some apprehension existed here when the city was invaded by millions of mosquitoes after Wednesday's rain that many stegomyia would be found among them. The similarity of the swamp mosquito to the yellow fever variety was so close that the laymen were deceived. But it was promptly pointed out that while the solitarians, which came as a pest Wednesday night have, like the stegomyia, the striped legs they have not the striped body which distinguishes the latter.

## THE PENSION ROLL

There Has Been a Large Falling Off In Past Year.

Denver, Sept. 8.—Dealing with the question of pensions, the report of Commander-in-Chief King at the G. A. R. encampment, says that the work of the committee on pensions has been mainly devoted to urging the passage of a service pension bill. The number of certificates issued in 1905 was 182,207—more than 30,000 in excess of the year before and still more in excess of former years. The large number was due to the operation of order No. 78, the bureau granting 12,436 original pensions under the order. Since the order was issued April 13, 1904, the total number of allowances under it was 65,612, most of them, however, having been for increase. The pension roll now contains the names of 684,608 survivors of the civil war as against 690,792 at the close of 1904. The deaths in 1905 of survivors of the civil war were 30,324.

### OKLAHOMA OPPORTUNITIES.

The completion by the Missouri, Kansas & Texas Railway of over 200 miles of railroad in the Oklahoma Territory, opens up a rich agricultural country of excellent possibilities, and gives direct connection between St. Louis, Hamilton and Kansas City with Oklahoma City, Shawnee, Guthrie, El Reno, Enid and other Oklahoma points. Along the new lines are located new and growing towns, Cleveland, Jennings, Cushing, Agra, Palls, Luther and Maud, situated right in the district of rich farming lands offering the best of opportunities for safe and profitable investments. The field is new and the prices of farm lands are low.

Few lines of business are adequately represented. There are openings of all sorts—for mill and manufacturing plants, for small stores of all kinds, for banks, newspapers and lumber yards. Mechanics and professional men, both are in demand. TELL US WHAT YOU WANT, how much you have to invest and we will gladly help you to a good opening.

Copies of our pamphlets, "Business Chances," "Texas," "The Coming Country," "Sights and Scenes in Old Mexico," etc., are free for the asking by addressing George Morton, General Passenger and Ticket Agent, Missouri, Kansas & Texas R'y., Box 908 St. Louis, Mo.

Are You SATISFIED with Indiana Pride and Purity Flour?

If so, do not accept a substitute for a few cents less, for it is not as good. We have spent thousands of dollars to make our Plant an up-to-date Mill, and we are safe in saying that we have the best equipped mill in the State today, and our sales are sufficient proof that we are making better Flour than our competitors, for we are operating our mill full time, while most of them are only running half time. The Proof of the Pudding is in the eating, get a Sack of INDIANA PRIDE or PURITY FLOUR and be convinced : : : : : :

Old George Payne was on the war-path last night and when he was asked what he was doing he said that he was looking for a wife. It seems a pity that some matrimonial agency cannot fit George out with a black grasshopper.

Thos Swift, who is employed with Pusey & Goelner on the construction work of the L. & C. traction line, was driving a nail into a board when it unexpectedly went through piercing his knee cap making a very painful wound.

No clues have been found as to the identity of the person who broke into Lewis Cline's house Thursday and stole a sum of money amounting to about \$10. It is thought, however, that the man who committed the deed, was a follower of the Gentry show, and that he left the city with the show Thursday night.

Mr. and Mrs. Carl V. Nipp began packing and loading their household goods today, preparatory to moving to Ann Arbor, Mich., where Mr. Nipp will enter Michigan University in order to study law. They will be away at least three years. Their many friends in this city and county wish them success in their new home.

Earl Riley had a very narrow escape from being run over by an interurban car this morning. He was driving a grocery wagon west on Fifth street and he did not notice that an interurban car was making its way up Morgan street. A dangerous collision was narrowly averted by Earl who quickly changed the course which the horse was taking, and thus saved himself from an embarrassing position.

Frankfort Times: Rev. W. J. Russell, pastor of the Christian church, who has changed the character of the mid-week prayer meeting to a study of the Bible, was immensely pleased with the first experiment last night. He delivered a lecture and conducted a quiz on the Sermon on the Mount. There were about eighty people present, a number of whom were seldom before seen at prayer meetings. The meeting proved decidedly interesting to all present.

TOYED WITH DEATH

Engineer of Excursion Train  
Thought He Could Gain  
Time.

Newcastle, Pa., Sept. 8.—Recklessness was responsible for a Western New York & Pennsylvania wreck, seven miles north of this city, according to the statement of Samuel Cox, fireman of the wrecked excursion train to Coroner J. R. Cox. Fireman Cox is reported to have said that "he understood the orders to be for the excursion train to stop at Graham's siding to allow south-bound regular passenger train No. 234 from Oil City to pass. There was an interval of three minutes before it was due at Wilmington Junction, two miles north of Graham's and Engineer Popham pulled out thinking he could pass the regular train at that point."

His failure to reach Wilmington Junction cost the lives of the engineer and fireman of No. 234 and may cause his own death. It also caused the fatal injury of one of his passengers and the severe injury of nearly fifty others.

Resolutions of Respect. Resolutions of the New Salem M. E. Sunday school in commemoration of the death of Mrs. James H. Tarplee. Whereas, the Heavenly Father has again sent the death angel into the dear home circle and summoned one whom we all loved, to enter through the "gate celestial" into the beautiful city, and Whereas, another form has been consigned with tears and heartache to the "garden of slumbers," and another pearl has been lost from the jeweled chain of friendship, therefore, Resolved, that in the death of Mrs. James H. Tarplee, our Sunday school, our church and our neighborhood has suffered the inestimable loss of an honored superintendent, of an exemplary Christian, and of a most excellent neighbor, one of whom it may be so truly said that "she lured to brighter worlds and led the way," and Resolved, that while we deplore with sorrow-laden hearts the death of one so eminently gifted with Christian speech, and so truly consecrated to the Master's service, we humbly and submissively say "Thou knowest best, our Father, Thy will be done," realizing that to us is the loss, the grief, the pain, to her the palm, the victor's crown, the gain, and Resolved, that we extend our deepest sympathy to the bereaved husband and sons and commend them to the compassionate one, who alone can give consolation in time of anguish. May they feel her presence near them in the silence of the night, to comfort them as in the dear dead past, and think of her as glorified and transfigured in the soul's beautiful Eden. May they see "the stars shine through their cypress trees, and when their "sunset gates unbar," may they meet the "welcome of her beckoning hand."

If you wish beautiful clear, white clothes use Red Cross Ball Blue. Large 2 oz. package, 5 cents.

To Owners of Pianos. Fred W. Porterfield, the piano tuner, will be at the Scanlan house the week of Sept. 11th. Orders left there will receive prompt attention. 8t5ditw
